Engagement and Connection
with Diverse Audiences

Derrick H. Pitts, Sc.D.

The Franklin Institute

Philadelphia

Engagement and Partnership

- Build community connections early. Make friends. Play the long game.
- Ask potential learning partners what they want to do around this event
- Ask how you can help them share the event with their community
- Ask if and how programming can start well in advance
- Work to remove every possible barrier that might prevent sharing authentic science experiences.

Share the
experience!

Be Innovative!
