# Similar to 2017, NSTA will produce an Eclipse Observing Guide for Educators

AN OBSERVER'S GUIDE TO VIEWING THE ECLIPSE

#### ALL-AMERICAN TOTAL SOLAR ECLIPSE

- AUGUST 21, 2017 -

By Andrew Fraknoi and Dennis Schatz

n Monday, August 21, 2017, a total eclipse of the Sun will be visible in the continental United States for the first time in almost 40 years. A total eclipse is when the Sun is completely hidden by the Moon, the sky becomes dark, and the Sun's

During a total eclipse, the Sun is covered by the Moon,

# Other NSTA Eclipse Resources

- Summer/Fall 2023 issue of NSTA's
  K-12 journals dedicated to the eclipses
- Suggestions for how make the eclipses a school and/or community wide event
- Future NSTA webinars
- Materials to share with your administrators

# Important Message for Administrators

Look for future resource materials from NSTA that will allow you to inform your school administrators EARLY that:

- Eclipses are a wonderful learning experience
- Eclipses are safe to view
- Safe eclipse-viewing techniques are easy to find and use
