**EMBEDDING 12-
48 RECENT
GRADUATES IN
COMMUNITIES
ALONG THE
PATH**

**Deadline to apply:
April 16, 2023**

**WHAT IF EVERY CITY HAD
HELP PREPARING FOR
8 APR 2024?**

Hosted by Yuri's Night and S.E.T.I

Our mission is to train recent STEM grads and place them with host families along the path of totality starting 6-9 months in advance. They can help train the local teachers, wait staff, hotel staff, city officials and even first responders on what will be happening and how best to prepare for the most positive outcomes from the Eclipse.

They will help homeowners list extra rooms, parking, cars or camping space on AirBNB and other sites to help enable inventory of lodging and transportation to accommodate tens of millions of people traveling to the path of totality to witness this extraordinary celestial event.
